SALT LAKE CITY, UTAH, SATURDAY, JUNE 3, 1893.

THE HERALD REACHES MORE HOMES THAN ANY OTHER SALT LAKE NEWSPAPER.

Its Repeal by the Next Congress Is Predicted.

PUBLIC DEBT STATEMENT.

A Decrease Buring May of More Than \$700,000.

Unofficial Advices from the American Commission at Paris Do Not Give Hope of an Early Termination of the Rehring Sea Court.

Washington, June 2.—The Star has this: "Information coming from silver sources, makes it a safe prediction that there will be comparatively little trouble to pass a bill through the House to repeal the Sherman silver law soon after Congress meets. How things will stand in the Senate, is another story, but it will probably be found that the finance committee will have a majority for a repeal of the cresent law. The reason given by some of those who will drop from the ranks of radical silver men, is that in the light of the present financial situation many of their people without yielding their convictions on the silver question are willing that the Sherman law should be repealed at once, leaving the question of the future colonage of silver open.

"How far this is the result of judicious distribution or withholding of patronage by Cleveland may be left for inference, but it is certain Cleveland has not loss sight of this issue in dealing with statesmen who have been making pilgrimages to the White House."
